G. J. MOORE REPLIES TO LETTER FROM "ONE OF THE BOOBS"

POINTS VALUE OF HOME

Believes Curfew Should Ring for Grown-ups as Well as for Young —Community Building Needed

Editor Democrat-Forum:

I read with interest the article appearing in yesterday's issue of the Democrat-Forum signed "One of the Boobs." If you will allow me space in your paper I would like to state my views along the lines suggested by Mr. or Mrs. Boob.

Mr. Boob said, "It's a mighty easy matter to see what the trouble is, but when it comes to offering a solution of our problems we are the biggest lot of boobs in the country." Mr. Boob, you have condemned your own article in the above words, and again in not signing your real name.

I agree with you that boys will be boys and want to do what they see men doing. I believe that every normal boy has some man chosen consciously or unconsciously as his ideal, and generally speaking, this means his father. I am glad to know that we have a councilman who evidences his desire to see the law enforced. His desire was shown by action; not empty words. I am sure if his boys follow his footsteps they will grow up and be law abiding citizens. It is each citizen's duty to uphold the law, although the law may not be just what is desired by that individual.

The churches are doing their work well and are spending thirty-five or forty thousand dollars annually in Maryville for the training of the morals of the young and old.

The church has no desire to enter into the home life and rob it of its evenings of family fellowship, but the church's mission is to teach the religion of Jesus Christ and thereby sanctify the home from which will go young men and women of manly character fit for the battle of life.

How many young people do we have in Maryville who do not have a home in which to spend their evenings, and I believe that curfew should ring not only for the young folks, but for the boobs also.

There are a very few young people in Maryville who have no home outside of students attending our schools. The students have plenty to occupy their time, and I am proud to believe that there are few to be seen loafing on our streets, in our pool halls and like resorts. Our schools — both our High school and our Normal—furnish all the diversion from work needed by the student. Furthermore the students have the freedom of the homes of our good citizens who endeavor to throw around them the home influences they would desire for their own

YOUNG PEOPLE IN TROUBLE

Ed Yount, Bessie Terhune and Lucy Marsh, Under Arrest, Must Face Serious Charges in Court

Ed Yount, who lives near Atlanthus, together with Lucy Marsh and Bessie Terhune, of Stanberry are guests of Sheriff Dowden, but are not allowed the freedom of the house for the reason that they must answer a charge of entering a school building and committing certain unlawful acts. The trio of young persons—Lucy Marsh is about fifteen, the other two several years older—were arrested at Stanberry by officer Gabe Purcell and were brought to Maryville last night by Sheriff Dowden.

It is charged that Yount and the two girls, with three other persons forcibly entered one of the rural school buildings in the east part of the county and committed acts of vandalism and immorality. When the teacher came on Monday morning to open the building for school it was found impossible to occupy it and school was dismissed and members of the board notified. The arrest of three of the parties followed and officers are searching for the others. On account of her age, Bessie Terhune will probably be made a ward of the juvenile court. They will be arraigned tomorrow.

REWARD FOR COX MURDERER

Governor Capper Adds $200 to That Offered by Wyandotte County and City

Special to The Democrat-Forum.

Topeka, Kan., Dec. 4. — Governor Capper has offered a reward of $200 for the arrest and conviction of the murderers of Olin M. Cox in Kansas City, Kan., the night of November 20. The governor was requested to offer the reward by the county officials of Wyandotte county and it is to be in addition to any rewards offered by the county and city.

Cox, who was a brother of Rev. Gilbert S. Cox of Maryville, was slain shortly after he left the home of Judge F. D. Hutchings, 624 Freeman Avenue, Kansas side, on the night of November 20. His body was found in the rear of a grocery store near Fifth street and Freeman Avenue. The results of an investigation indicated Cox was held up and was killed when he resisted the highwayman. He lived at 3428 Charlotte street, Kansas City, Mo.

Guardianship Continued.

A jury in probate court yesterday found against Levi Buzzard of Hopkins, who asked that his sanity be proved in order that he might be permitted to transact his business without the aid of a guardian. The verdict was that Wm. F. King, a son-in-law, be retained under the court order to look after the affairs of Mr. Buzzard.

Mr. and Mrs. A. N. Somerville and Dr. and Mrs. C. A. Bone went to St. Joseph last evening to attend the concert given by Mme. Alma Gluck.

Mr. and Mrs. John Wilson of Graham were Sunday guests of Dr. and Mrs. C. H. Coe of Maryville.

Take Command

Young man, you are in charge of a campaign!

Defeat or victory; the result rests squarely upon your shoulders.

The army of Days — days always marching by—are the troops at your command.

Each day is a force if you use it; Each day is a loss if you abuse it.

Your bank account is the record of your campaign. It tells of your fight with life.

If each day shows a greater balance, you are winning—keep it up.

GIVE HERO MEDALS

CONGRESS WILL BE ASKED TO PROVIDE BRAVERY AWARDS

PRESIDENT LIKES PLAN

Bill Carrying an Appropriation Expected to Pass Both Houses—Medals Will Be Graded

Washington, Nov. 4.—Congress at the coming session probably will be asked by the war department, if not by the President himself, to make prized by those who wear it. In order als to American soldiers and sailors for gallantry and distinguished conduct.

There is already the Congressional Medal—the medal of honor so greatly prized by thos who wear it. In order that one of these medals may be awarded it is necessary for Congress to go through the formality of passing a bill through both houses.

The mere fact of this, of course, enhances the value of the medal, but in time of war—such a war as the world war—it is believed some simpler method should be devised. It also is believed by officials that America should grade her medals as is the practice in European nations. There an act of bravery wins the recognition of a medal, but all acts of bravery by the British soldiers, for instance, do not bring them the Victoria Cross. It is only the surpassing feat of gallantry that has that reward. For lesser feats there is the Distinguished Conduct Medal and other decorations.

It is understood that a bill is in process of preparation to bring this situation to the attention of Congress shortly after it reconvenes. The bill will carry an appropriation for the striking off of medals and their dispatch to France, were they may be awarded by the commanding general without the unnecessary red tape back home.

It has often proved the case that a soldier is dead before he receives the reward for his gallantry in an earlier action, and those interested in the matter here desire that so far as possible the American fighting man shall see the reward of his bravery on his own breast rather than have it go to his family, there to be treasured with the memory of the one who is gone.

Great care will be taken to prevent abuses which it is feared might arise out of a "loosening up" of the system. America will see no such display as Germany has been treated to of tons of metal being welded into iron crosses for distribution like calling cards.

AN ORDER TO COAL DEALERS

Must Refuse to Sell to Persons Who Have as Much as Thirty Days Supply on Hand

St. Louis, Dec. 4.—Coal dealers in Missouri will be ordered to refuse to sell coal to any one who has more than a thirty days' supply on hand.

State Fuel Administrator Crossley made this announcement here on his return from Chicago, where he conferred with Illinois state fuel officials and fuel experts.

Crossley conferred with coal operators and jobbers here on transportation problems and the reconsignment of shipping. It has been said that freight yards are congested.

Sells 80 Acre Farm.

The 80 acre farm of A. T. Lanning, located two miles northwest of Maryville, was sold Saturday to Albert T. Neidel. Consideration was $180 per acre. Possession will be given March 1. The deal was made through Wallace Brothers.

GETS MENU FROM FORT BLISS

The Thanksgiving Dinner at Southern Post Is Shown In Menu Sent by Bugler Cecil Smith of 64th Inft.

The only thing that prevented the soldiers at Fort Bliss, Texas, from having a real old fashioned "Family Thanksgiving Dinner" this year was the absence of the family. There was turkey galore, and every soldier was urged to have a whetted appetite on that day. Barrels of celery, kegs of cranberries, oysters, potatoes, both Irish and sweet, and the goodness only knows what else was found on the various bills of fare.

A handsomely printed Thanksgiving menu from Co. H, 64th Infantry, was sent by Cecil Smith, bugler, to his father, Fred W. Smith, It contains the names of all commissioned and non-commissioned officers and privates together with the menu, which was as follows:

Celery, queen olives, oyster stew, oyster crackers, roast turkey, giblet dressing, roast pork, cranberry sauce, apple sauce, brown gravy, mashed potatoes, sweet yellow yams glasse, creamed corn, sweet June peas, asparagus on toast, Waldorf Astoria salad, diamond sheet cake, sunshine cake, jelly roll, fruit cake, bravo sauce a la 1917, apple, mince and pumpkin pie, apples, oranges, bananas, nuts, raisins and candy, cigars, ice cream and cigarettes, cocoa, coffee and milk.

It is evident from the above menu that the boys at Fort Bliss are not suffering for any of the good things to eat.

REGISTRANTS ARE WARNED

Failure to Notify of Change of Address May Result in Losing Right to Claim Exemption

Registrants for selective draft service who change their residence and fail to give notice of such a change to the local draft board may lose their right to claim exemption of discharge.

The local board this morning received the following telegram, forwarded by the adjutant general at Jefferson City from Provost Marshal General Crowder, at Washington:

"Please cause the broadest and most extensive and continuous possible publicity to be given through the adjutant general, local and district boards, the newspapers and all other possible means of warning to all registrants who may have changed their place of abode and postoffice addresses to communicate immediately with their local boards where they are registered and furnish their present addresses so that the questionnaires, which will begin to be mailed December 15th will reach such registrants without delay. Registrants are bound by law to keep themselves advised of all proceedings in respect to them and failure to do so may result in their losing right to claim exemption or discharge.

"Please request newspapers to give this warning broad and continuous publication from this time until the process of mailing questionnaires has been accomplished.

"CROWDER."

GERMAN INFANTRY GIVES WAY TO ARTILLERY ATTACK

BOYS CALLED TO BATTLE

Prisoners Taken by British Show Kaiser Is Calling Youth to Fill Depleted Ranks

London, Dec. 4.—Prince Ruprecht, the German commander-in-chief, was unable to renew the infantry attacks along the Cambrai salient during the night, but the German artillery was active, the war office announced this afternoon. The British positions at Moeuveres and Bourlon were heavily shelled but there were no infantry actions.

Forty divisions of the British and Germans, or 800,000 men, supported by formidable arrays of artillery on both sides, are at grips between Moeuveres and Venghulli and the ground is covered with bodies that have lain there following the recent terrible onslaughts from opposing sides.

The prisoners taken by the British in this battle show that Germany is calling on her youths, as many of the prisoners are mere boys. The battle of Cambrai will go down in history as one of the world's most unique engagements.

MEASLES AT CAMP FUNSTON

John Mutz, in Letter to Democrat-Forum, Says Boys Are Feeling Fine—Taking Target Practice

John Mutz, at Camp Funston, writes the Democrat-Forum today as follows:

"The 356th regiment has started on target practice. We have already had one day on the ranges and will go again tomorrow for practice. We walk about seven miles to the range and our meals are brought out to us. We also walk back to the barracks. The range is on the far side of Fort Riley, so you know it is some walk. There are quite a number of cases of measles in camp, but none has been serious. Other than this and a few minor complaints the boys are all feeling fine."

HUN TROOPS LEAVE RUSSIA

Negotiations On for Release of German-Austro Prisoners — Trotsky Issues Bolsheviki Decree

Special to The Democrat-Forum.

Petrograd, Nov. 4. — Negotiations for the release of all German and Austrian prisoners taken in the war in Russia is being concluded and they will soon be released by the Bolsheviki government, according to reports. It is also reported that Trotsky has issued a decree dismissing all Russian diplomatic and consular representatives in foreign countries that will fail to recognize the Bolsheviki government.

Copenhagen, Dec. 4.—The commanders of Russian armies on the southern end of the eastern front have notified the war office at Petrograd that they will refuse to recognize any protocol or armistice, according to information received here today. Germany and Austria are both making withdrawal of troops from that section of the eastern front where the Bolsheviki are in control.

KAISER'S SUPREME EFFORT

In Seeking to Force a Decision On the West Front, Secretary Baker Believes

Special to The Democrat-Forum.

Washington, Dec. 4.—An effort by the Germans to bring on a decisive engagement on the western front is suggested in the war department's review of military operations for the week ending December 1, issued by Secretary Baker.

"The outstanding feature of the military situation," says th ereview, "is to be found in the ever increasing mobility of action of the forces engaged.

"It seems that decision is being sought by the enemy, who realizes that he cannot endure for much longer period the strain of trench warfare imposed by the Allies in the west.

"This explains the effort of the Central Powers in massing considerable forces in order to invade Italy—a concentration of troops made possible by the internal situation in Russia. This offensive was undertaken to crush the Italians and compel them to sue for peace.

"Five weeks of desperate fighting have brought them no nearer their real objectives in this theatre.

"The enemy is constantly detaching large contingents from the eastern theatre. All good troops which can possibly be spared are being dispatched to other zones of operations.

"So that, though the season is not propitious for engaging i nmilitary enterprises on a large scale, yet, owing to the imperative necessity for a continuance of this mobility, further offensives are to be anticipated."

Mr. and Mrs. R. B. Gex, Sr., were guests Sunday of Mr. and Mrs. Stratford Saunders of Skidmore.

PRESIDENT URGES WAR ON AUSTRIA BE MADE AT ONCE

TELLS CONGRESS IMMEDIATE DECLARATION SHOULD COME

TURKEY AND BULGARIA ARE TOOLS OF GERMANY

"No Peace Until Germany is Shown Utter Futility of Claim to Leadership and Power in Modern World"

Special to The Democrat-Forum.

Washington, Dec. 4.—If the United States intends to win this war it will utilize all its power and resources of money, men and material to that end. It must at once declare war on Austro-Hungary, because that nation now is virtually a state of Germany. It need not be so this time so far as Turkey and Bulgaria are concerned, for they are negligible quanities. Those who desire to bring about peace before that purpose is achieved can go elsewhere.

This was the message which President Wilson brought to the joint session of Congress in his address this afternoon. His address is probably his greatest state document to date. It carried with it a complete answer to the recent letter by Lord Lansdowne in England, and further than this it replied in detail to the pacifist element in the United States.

When the address was delivered it was at once apparent why such great secrecy had surrounded its preparation, it being explained that it was because the allied conference in Paris had failed to restate, as was expected, the war aims of the United States. Significant in the extreme was the declaration that there should be no compromise with

PRESIDENT URGES WAR ON AUSTRIA

German autocracy and brutality.

Without waiting to ascertain views of administration on the subject, an effort was made in Senate today to have the United States declare war on Austria, Turkey and Bulgaria. A resolution directing that such action be taken by this government was prepared by Senator King, of Utah, but as he was unable to be present the session was handled by Senator Pittman. It was referred to the Foreign Relations committee.

President Wilson, in his address to Congress recommended the immediate declaration of war on Austria, but so far as Turkey and Bulgaria was concerned the President declared that they were merely the tools of Germany and a declaration of war against them was not needed at this time.

President Wilson again declared emphatically for peace, but declared that it "must be a peace based on generosity and justice," and only after German autocracy "shall first be shown the utter futility of its claim to power or to leadership in the modern world."

sons and daughters.

I agree again with you, Mr. Booh, when you infer that a boy or girl will love the games of their elders. They will also love the games and customs of their associates. It then becomes the duty of the parent to guard their steps and become chums and associates of their children. Parent, is your life what you wish your child's to be?

"Papa, I am following in your tracks."

There should be no dividing line as to the privilege of the members of the home; if you grant one the necessity of spending their evenings away from the home circle, you must grant all a like privilege.

The community is badly in need of a building large enough to accommodate public meetings of community interests, and have rooms for the meeting of such as farmers' organizations, Boy Scouts, corn shows, etc.

The needs of our boys and girls are homes, and let them continue to be boys and girls in the home until they know they are able to go out in the world and conquer amid the trials and temptations of life and be a promotor of clean and upright living and not a dreg to stop the onward flow of progress and prosperity.

For better food at less cost

MAZOLA

BUTTER, lard and suet have been used for years for deep frying, sautéing or shortening—because the housewife could find nothing better. Today the Food Administrator asks her to use *vegetable* oils.

And Mazola, the pure oil from corn holds first place among vegetable oils. It is the ideal medium for sautéing, deep frying, shortening and salad dressings from every standpoint.

Mazola reaches cooking heat long before it smokes—cooks food more quickly and at the same time more thoroughly. This does away with that sogginess and greasiness so prevalent with the old cooking mediums.

And *Mazola can be used over and over again* because it does not transmit taste or odor from one food to another!

That is what makes it so wonderfully economical.

Get a can of Mazola from your grocer today. Sold in pint, quart, half-gallon and gallon tins—the large sizes give greatest economy. Also ask for the free Mazola Book of Recipes or write us direct.

Your money refunded if Mazola does not give entire satisfaction.

Housewives Now More Than Ever Before Realize the Importance of Purity in Food Products

While on my lecture tours, meeting housewives in all sections of the country—I have observed that women are now wide awake to the vital necessity of utmost purity in articles of food.

It used to be that unscrupulous manufacturers were at liberty to foist rankly adulterated food stuffs on the unsuspecting housewife. This production of low grade, frequently worthless and often injurious merchandise gained such strides that the government stepped in with Pure Food legislation and checked it. This measure of protection aroused housewives to the situation and the importance of purity in articles of table use. And as a result of this awakening wise housewives have set a higher standard of purity than the Food Laws demand. The federal and state authorities have cut off to a great extent the manufacturer of products of an injurious nature. The great majority of housewives have gone even farther—and insist on *absolute* purity.

Take Baking Powder for example. There are many different brands of baking powders on the market. All that *are* on the market are made within the limits of the law—are as pure as the law demands.

But there are other things to be taken into consideration—will they give the best results—are they economical in use?

The housewife now insists that baking powder be as pure as it can be made. That it possess no impurities—no adulterants—no useless fillers—no injurious properties of any sort. They want—and are *entitled* to—a baking powder so proportioned and blended it remains pure in the baking.

After testing many different brands of baking powders, I am thoroughly convinced that Calumet Baking Powder extends far beyond the standards of purity demanded by the food laws.

Critical experiments establish the fact that Calumet leaves no harmful residue, as do many powders that comply with pure food requirements. The bakings it produces are not only light, fluffy and tasty—but wholesome and healthful—which really is the final test of a baking powder's purity.

The housewife of today wants something better than "just as good." She wants the best, and in my articles on Baking Powder I have no hesitancy in recommending Calumet
